PROPEL YOUR BUSINESS BEYOND LIMITS

Knowledge is power...

and with three decades experience educating businesses how to manage and grow, John Tsoulos is launching another Global Business Camp on the Gold Coast in 2027.

- ✔ **Are you open to new ideas and concepts?**
- ✔ **Do you aspire to be a proactive business?**
- ✔ **Do you want to find new customers and keep old ones?**

To fully meet your potential as a business, you need to fully understand your customers' needs and wants. If you can successfully tap into that knowledge your business can reach unparalleled growth.

Let's face it, if every one of your customers is actively advocating for *your* business because you satisfy and even exceed their needs, the increase in visibility, sales and associated growth might just surprise you.

By getting away from the day-to-day grind of working **IN** your business, John can teach you the necessary skills to work **ON** your business more effectively and help you build stronger, more loyal and longer lasting customers.

If you answered **YES** to any or all of the questions above, then our **2027 Global Business Camp on 1–3 March in Queensland's famous Surfers Paradise** will

ensure you have the framework and skills to build a better and more successful business.

Whether you've been to one of our camps before, exposure to our tried and tested program based around the **6 Secrets™** to any business will either open your eyes to or reinforce the concepts that have helped thousands of businesses become more profitable, efficient and enjoyable.

Some sobering facts about businesses that our Global Business Camp provide solutions to help you overcome:

- 88% of business failure is due to things we can control
- Over 50% of Small to Medium Enterprises (SMEs) have no strategic business plan and 50% will change generation in the next decade
- It costs 6 times more to get a new customer to deal with you than what it takes to get an existing customer to buy more from you
- A 15% increase in customer loyalty can increase profitability by up to 80%
- 80%-90% of the success of any business ad, letter or communication comes from the heading
- The cost of employee turnover is up to 150% of the remuneration.

The first step to success is being open to new ideas, knowledge and skills. Investing your time in a Global Business Camp will unlock all that and more for your business!

Global Business Camp is an excellent, comprehensive 3-day course covering the foundations of business practices, marketing, advertising and building a functional team. I'd recommend the course for any future leaders in your business, or any business owners looking to take things to the next level."

Alan Kinder, BMT Tax Depreciation

There's no greater compliment than seeing the value and enjoyment our Camp brings to so many people...

"I run a really busy business in Melbourne so it was hard to get the time to come to the camp, but it was fantastic and well worth it. I've got lots to do back at work, lots of things to incorporate and lots of ideas. I was already drawing up checklists at the camp, to go back to staff with and to implement. I couldn't wait to get back and encourage everyone else with how I felt. The camp was way worth coming and I'll be back again."

Raelene Patterson, Construction Training International

"I run a plastic welding business that services the mining industry. To come along to the business camp I had my arm fairly hardly twisted by my accountant but he got me there and I couldn't have been more wrapped! I've learnt a great deal about managing my business and managing my people. I had some fantastic inspiring talks with some other delegates and celebrities and would recommend the camp to anyone."

Matt Ryan, Polyfit Fabrications

"Prior to attending the business camp we were just working in our business, hoping people would "just come" to our restaurant. The camp helped us to realise that we could control how many people would come and when! This was a complete mindset change for us, and we haven't stopped since. Within a month of returning we had comment cards on our tables and started our database and our birthday club. Just 12 months later we have over a thousand guest on our database, and mail about 165 birthday cards each month inviting guests to come back. We give encouragement awards to local sporting clubs, "thank you" offers for guests who refer a friend to us, and we now regularly make time to sit down together to brainstorm new offers and events to keep people interested in coming back to Soltan Pepper. Thank you for changing our thoughts from "just get the work done" to "let's build a sell-able business"

If they don't fail outright, most businesses fail to fully achieve their potential. That's because the person who owns the business doesn't truly know how to build a company that works without him or her, and that's the key!
